## EXPERIENCE

### internship as a full stack developer

MEDINOUTLOOK

June 2022 - September 2023, TUNIS

• During my internship as a full stack developer, I had the opportunity to work with cutting-edge technologies and methodologies in web development. My responsibilities included designing and developing user interfaces.

### internship as a front end developer

ASM

February 2021 - May 2023, Sfax

As a primary responsibility, I focused on designing intuitive and interactive user interfaces using the Angular framework, while using Laravel for the backend development.

### internship as a full stack developer

MEDINOUTLOOK

June 2022 - September 2022, TUNIS

• My primary duties involved designing and developing user interfaces, server-side logic, utilizing Angular and Express.js frameworks. In collaboration with my team, we successfully implemented the CI/CD pipeline to automate the process of building, testing, and deploying.
